**ABSTRACT:** We received ..... Write to us about ..... KORZHAN.

**AIRMAIL MSG #5 to RIS:**

B understood the entire text ..... Mykhaylo KORZHAN traveled to Italy during early April )sic - should be March 1957) for a vacation. It is known only that before his trip he conferred with Volodymyr KOZAK. (COMMENT: Telephone intercepts indicate that KOZAK was enroute to Italy via train). KORZHAN is closely following action of the Mykhailov Committee and is collecting "Dnipro" leaflets and other Mykhailov newspapers. No one knows clearly if he works for the Germans or for the Americans. B will continue to report on KORZHAN since B visits with KORZHAN who, however, does not relate anything about his affairs. He has a very beautiful apartment, many Ukrainian records from Kiev and lives comfortably. He always underlines (the fact) that he absolutely does not meet with Boris LEVITSKY any more, with whom he was a friend earlier. .... All information ..... Please keep secret all information about KRIWOBOK, SYCH and KORZHAN.
